New span for Paxton bridging fund

A resounding majority of investors in Paxton Secured Income Fund LP have voted in favour of extending the successful scheme's life to 2019. At today's extraordinary general meeting, over 94% of the partnership's equity was voted in favour of the resolution and none against, comfortably exceeding the required 75% majority.

Existing investors will therefore continue to participate in the quarterly income distributions earned from the scheme's lending activities secured on property in SE England. In addition the extension to the term is designed to provide potential new investors with a five-year investment horizon.
