Mission London sales completed

The dissolution of Mission London Residential Investment Fund is nearing a conclusion following disposal of the final asset from its 40+ property portfolio. The fund has reached maturity and has now entered its winding-up phase.

Earlier sales have already produced sufficient proceeds not only to repay bank borrowings and return investors' original subscriptions, but also to distribute part of investors' profit allocations. A further terminal profit distribution will be made as soon as final accounts have been prepared.

Real Estate Associates Ltd operates the partnership and the general partner is Real Estate Associates (GP) plc.
