## **PRESS INFORMATION**

Released 30<sup>th</sup> May 2008

### **REAL launches valuation service for fund investors**

Real Estate Associates Ltd have launched an on-line service to provide valuation information for their fund investors. The web-based system provides monthly updates enabling investors to estimate the value of their holdings.

The service is expected to prove popular with SIPP trustees and financial advisers who, until now, have raised telephone or e-mail enquiries to produce reports for their clients. Information is now available instantly to speed the production of pension scheme or portfolio valuation reports.

The new system was launched today with details of three REAL funds. Coverage will be extended over the next quarter to cover the top-ten most widely held REAL funds.

Further details, example calculations and the valuation guides are available at [www.realestateassociates.co.uk/pricing](http://www.realestateassociates.co.uk/pricing). The telephone and e-mail enquiry service will continue to be available.
