Real Estate Associates launch corporate bonds

Real Estate Associates (GP) plc has launched two series of bonds to raise up to £20m for short-term lending, equity joint ventures and property investment, all secured on UK property.

The REAL Income Bond offers investors a return of 4% per annum for two to five years, linked to any variations in Bank of England base rate between a specified band.

The REAL Capital Bond pays a fixed semi-annual interest rate of 1.5% per annum plus a 33% repayment bonus upon maturity after five years.

A full information memorandum is available for issue in the UK to persons generally. Investments from a minimum of £5,000 are accepted from parties receiving advice from regulated intermediaries and from self-certified high net worth and sophisticated investors. Additionally, the bonds are open to investors who confirm they will not invest more than 10% of their net investible assets each year in the Bonds and similar products.
